for your business. . .

We understand every business is unique. That's why we take the time to learn about your company - from your current operations to your goals for the future. Then, we'll help you find the commercial banking products that work hardest for you. You will enjoy our extraordinary customer service, and you can access your accounts around-the-clock.

*"Liberty Bank is locally owned and operates with a partnership mentality. This approach offers your business decision making that is close-at-hand and responsive to your particular banking needs. We are a safe and stable home for deposits and offer state-of-the-art internet banking, remote deposit, and cash management systems. If you're looking for a healthy, growing bank with available capital to further drive your success, give us a call."*

*Bill Valerian,  
CEO/President*
